

Kids Against Bullying!

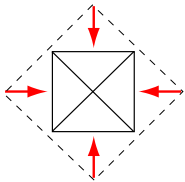

You can be a **kid against bullying** by learning all of the ways to be safe from bullies

Fold this fortune teller and ask which of these is bullying and why

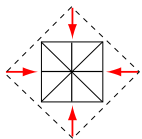

Instructions

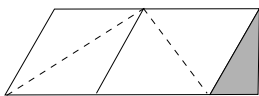

1. Cut out the square and place it face down. Fold the corners into the center.

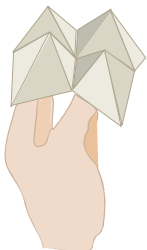

2. Flip it over and fold the corners into the center again.

3. Fold the square in half. Unfold and fold in half the other way.

4. Unfold and pull the four ends together to make a diamond shape.

How to use:

Have a friend pick a color. Spell out the color as you move the fortune teller back and forth (like "BLUE" has 4 letters, so move it 4 times).

Pick a number from the inside. Move the fortune teller that many times.

Have them pick a number again.

Open the flap of the number they picked. A message will appear!

Have your friend tell you if this is bullying and why.
